

Transform the way you manage your contractor workforce

Real-time dashboards and features to help you manage and ensure workforce compliance 24/7.

A single source of truth to manage your contractors

Empower your operations team with a centralised contractor management software solution that can be intelligently adapted to suit the unique needs of your business and your industry.

Pre-qualify contractors

Customise your pre-qualification questionnaire by risk profile, ask compliance questions, and request additional info as needed.

Track document expiration dates

Automatically track and be notified of expiring dates for all types of compliance documentation; licenses, certificates, and insurance documents.

Receive automated reminder emails

Contracting company admins are automatically notified to update compliance documents, and contractors are flagged as 'non-compliant' if updates aren't made on time.

“Contractor compliance has increased 110 fold since implementing the products. Until we had it we didn't know who was and wasn't [inducted or compliant]. Rapid Contractor Management is a big part of our risk management strategy and an integral part of our business in how we coordinate and control our contractors.”

Access critical safety & compliance data from anywhere, at any time

Enjoy the assurance of knowing the status of every contracting company through Rapid's live dashboards and reports.

Quickly find what you need

View and filter information displayed in the dashboard by specific criteria such as compliance status, location, work type, and personnel type.

Auto approve and reject documents

With RapidCheck, AI can automatically review and approve or reject contractor compliance documents, saving admins valuable time and effort.

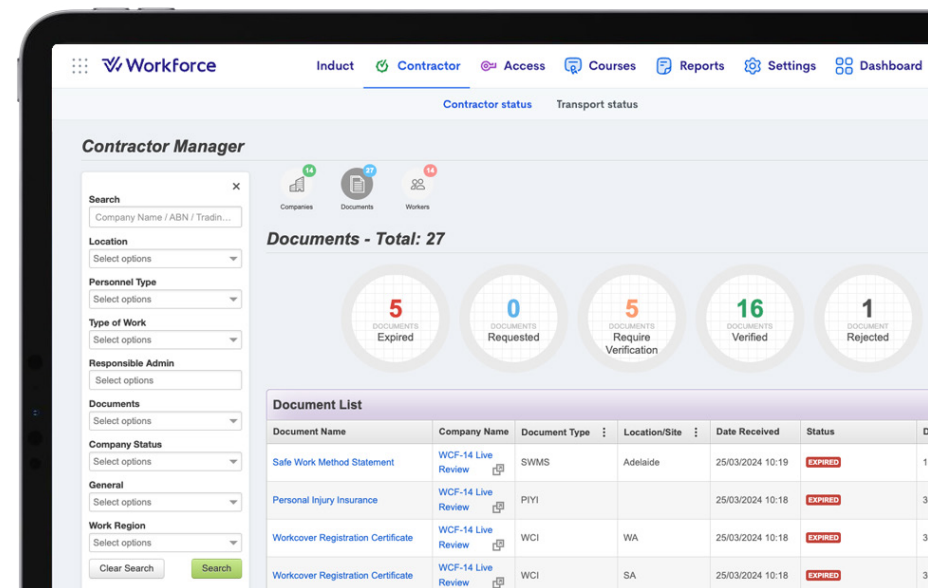

Keep up to date with compliance status

Keep your site and management personnel informed with real-time reporting for current contractor compliance status.

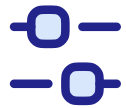

Rapid Mobile App

Take your contractor management system with you on your own phone to the site. Search for contracting companies, view compliance status, view compliance documentation, approve and reject documents, and suspend non-compliant companies. Capture and upload your documentation with the camera on your mobile device.

Find additional resources with **contractor search** and **job posting**

Post new jobs, send invitations and receive responses directly through the Rapid dashboard for streamlined resource management.

Procurement made easier

Filter your job requirements to more than 80,000 contractor companies who are already registered with other Rapid clients.

Find credible contractors

View supplier risk scores, accreditations, number of Rapid clients currently registered with, and profile pages designed to give you a quick summary of the business.

Invite and pre-qualify

Register and prequalify your shortlisted contractors.

Complements existing procurement systems

Replace traditional resourcing processes like external job boards or use our platform to quickly source contractors for ad hoc, remote, or urgent jobs.

Enhanced onboarding experience for your contractors

Empower your contractors to meet and maintain their compliance obligations with a seamless onboarding experience that allows them to complete their registration, verification, and onboarding before they arrive on site.

Dedicated contractor portal

A user friendly, online portal to enable your contractors to self-manage compliance processes from registration through to ongoing document control.

Live support

Rapid's Client Services Team are ready to help contractors with technical questions by email or telephone.

Online resources

On top of providing email and phone support, Rapid also has an interactive help function called Copilot. Ask Copilot a question to generate a summarised response directly from our knowledge base.

“It puts the onus back onto the contracting company to ensure they are uploading their documents, which has led to a much higher level of compliance. It saves a lot of time, money and resources.”
